- Understand the requirements for conducting effective Team Meetings

Who should attend?

Managers and leaders of any type of team. This course is extremely useful for organisations and management who require, need, develop or maintain delivering teams.

Training methods

Sailing is naturally a Team activity. That is why is such a successful platform for Team development. And a highly enjoyable one too.

We build in to our TeamActive programme challenges that help us learn more about ourselves, how we work with each other and how we relate to our business.
